

Greetings fellow Sunset Marina Owners. My name is Randy Atkins. My wife Nancy and I are full time Chelan residents as of spring of 2016. That was made possible following our mutual retirements after 38 yr careers, mine from Boeing Commercial, and Nancy from contract writing for numerous Seattle companies. We've visited and vacationed in Chelan for a long time, and are thrilled to finally call this beautiful place home.

Nancy and I have been boaters in Puget Sound for nearly 40 yrs. With our three children, boating has been an important part of our family life and enjoyment. We were very excited to hear about Scott's vision for a world-class marina on Lake Chelan. We got on-board early, and have been so impressed with the build quality and the environmental stewardship that has made Scott's vision a reality.

I would be honored to serve on the Sunset HOA Board. My background has been mostly technical, but I've had significant exposure to the business and financial side of operating a business through my long tenure in Engineering leadership at Boeing. I'm currently serving as President of the HOA at Chelan Resort Suites, which has provided me an appreciation for the right way for condominium associations to operate, plan budgets, resolve issues, communicate effectively, and proactively manage reserves so there are no surprises. HOAs that work the best are those where owners are involved and listened to.

If given the opportunity, I would look forward to joining Scott and the board for this important launch of the Sunset HOA. Working on your behalf, we can foster a positive and responsible boating community on Lake Chelan.

Randy Atkins
